

SPRING 2024 EDITION

A Message From Our CEO

Greetings,

I trust this message finds you in good spirits as we continue through the journey of 2024 together. It's been a period of significant growth for WAEPA, and I am proud to share where this evolution has taken us.

While organizational changes are slowing down, our focus remains on fine-tuning operations to better serve you. As a Nonprofit Benefit Trust, our commitment to your long-term financial stability is unwavering.

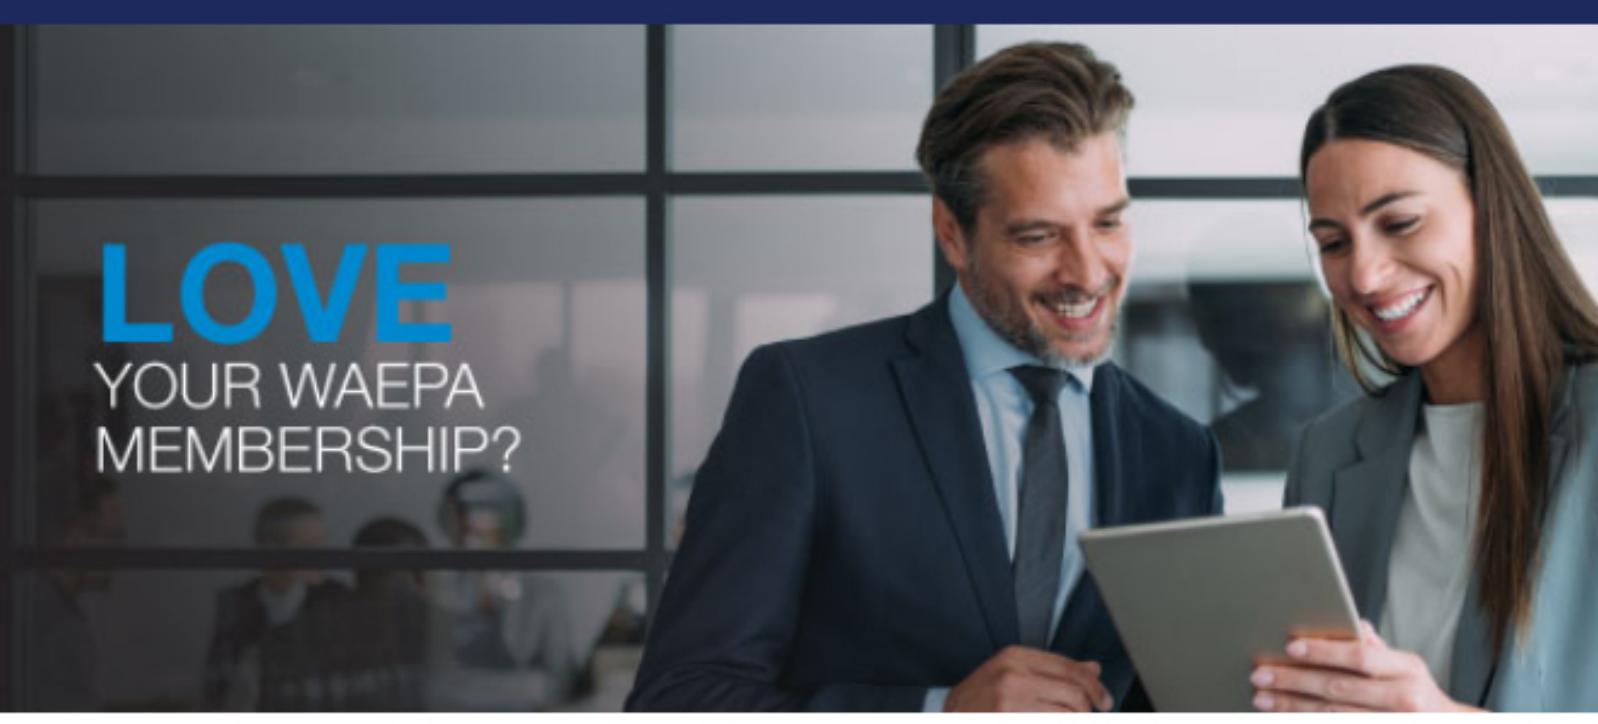

With that in mind, I am thrilled to announce the expansion of **QuickDecision underwriting** options, now available up to age 60. This enhancement provides greater flexibility to meet your evolving needs and allows eligible applicants to receive a decision in minutes.

As we enter the spring season, I want to express my heartfelt gratitude for your continued support. Together, we are building a legacy of success that will endure for years to come.

Warm regards,

Shane Canfield, CEO

...tell a friend (or three!)

WAEPA's been serving Feds, like you, since 1943. And after all this time, one thing is clear: there's no one better to tell Feds about WAEPA than their own Federal colleagues.

Whether you are a current or former Fed, sharing why you choose WAEPA will help others to make the switch, wherever they are on their Federal journey. To show our appreciation, if you refer three current **or former** Civilian Federal Employees, we'll send you an electronic \$20 Reward Visa®.
